

PRESS RELEASE

Terex® Minerals Processing Systems Appoint New Distributor For Kenya And Uganda.

Terex® Minerals Processing Systems - Pinnacle Building, Sheikh Zayed Road, Al Barsha 1, Dubai, United Arab Emirates, October 2015.

Terex® Minerals Processing Systems, one of the world leaders of material processing technology for modular, portable and static crushing and screening equipment is pleased to announce the appointment of Penta Machinery as a new Distributor for Kenya and Uganda.

Penta Machinery will now provide coverage for new equipment purchases and service and support in Kenya and Uganda. Customers' needs will be met by a dedicated team who have been fully trained to provide the exceptional levels of customer support for which the Terex MPS distribution network is globally renowned.

Neeraj Gulati, Terex MPS Area Director said: "We selected Penta Machinery to represent Terex MPS due to their vast industry experience, technical knowledge and commitment to providing customer solutions & after-care. We are confident our the appointment of Penta Machinery for Kenya and Uganda will strengthen and expand Terex MPS presence in those specific markets."

PENTA MACHINERY

With a strong and in depth knowledge earned over many years industry experience Penta Machinery provides equipment and support services for customers in the crushing and screening in Kenya and Uganda. The company offers high quality Terex MPS machinery backed by a dedicated support team which offers robust and cost effective technical solutions to suit customer needs.

Speaking of the new Distribution, Kishor Vasani, Director Sales, said "We are looking forward to developing a strong working relationship with Terex MPS and delivering outstanding support to customers in the market. We believe that the profitability of our customers and providing them the correct solutions is fundamental to our shared success. Our technical support can provide a wealth of information on crushing and screening equipment."
