

## **The Joburg Indaba, Investing in Resources and Mining in Africa – Johannesburg – 5-6 October 2016**

The Joburg Indaba has become a critical platform for industry leaders to engage in conversations on the mining industry, with participants across resource and mining companies; investors; government representatives, policy makers and regulators; stock and commodity exchanges; financiers; and legal, advisory and mining-related services. Discussions and events focus on driving the way forward for the mining industry, as well as sharing insights into global commodity market prospects and investment opportunities. The Joburg Indaba seeks to promote shared thinking and solutions through focussed interactions with delegates, mining CEOs and investors.

With leading sector capabilities in mining and metals, Standard Bank is an important stakeholder in the growth and development of this key industry. Our highly skilled and experienced multi-disciplinary teams are ideally positioned to advise and provide assistance to clients seeking a broad range of corporate finance and market-led solutions to the complex challenges facing the mining and metals sector in Africa and other key markets.

The Joburg Indaba is an important event for Standard Bank, our clients and our partners to deepen understanding of the changing policy and regulatory environments; consequently, Standard Bank is a Corporate Partner to the event. Our head of Mining & Metals, Africa Corporate Finance, Sandra du Toit, will also be one of the speakers. With a heritage of over 150 years in South Africa, we continue to unlock the real opportunities for businesses and for organisations looking to be part of unstoppable growth on the continent.
